EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The following changes have been made in the subject of the application to put the claims in a condition for allowance.

CLAIMS

In claim 15:

Line 1, replaced "13" with --11--.

REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

The applicant's amendment filed 8/24/05 overcame the technical deficiencies and the prior art rejection. Claims 11 and 14-17 are allowed because the prior art of record does not show the amplifier comprising tristate buffer and a pull-up resistance as combined in claim 11 and capacitors disposed between the gate and source of a corresponding MOSFET device as combined in claim 16.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
